How to revise the system time (NVR):

There are two ways to set the system time: 1)Enable "sync time" 2)Revise manually

1.Enable "sync time"

(1) Operate on your NVR locally -- Right Click -- Click "system setup"

(2) General setup -- time setup -- check "sync time"

(After the NVR is connected to the network, the time will be automatically corrected, please note: NVR has to be connected to the Network)
